

AFOL Metropolitana eagerly accepts the second phase of both the sanitary and economic emergency due to the spread of the virus COVID-19, by means of a new and free utility service, in order to satisfy either the citizens or the business companies' needs of those who live and operate in the metropolitan area of Milan.

AFOL's main aim is to give an answer to all those questions and requests of elucidation about the governative, local as well as national measures concerning all aspects of the working world which derive from the epidemy.

This service gives you the chance to receive information -within 48 hours- about the wide range of economic supports provided by law; i.e.: you can get explanations about how to:

- ask for subsidies given to professionals or self-employed workers;
- draw benefits from the : "fondo di integrazione salariale" (wage earning fund); "cassa integrazione in deroga" (in derogation of layoffs); and more
- access to revenue from citizenship and revenue of inclusiveness.
- smart-working; job and family measures which support the working world as for: parental leave, baby-sitting and finally, permissions under special provisions by the "Legge104".

To access the service "Chiedi ad AFOLMET" is simple and safe, you can use Whatsapp or send an e-mail.
